

**children's
science center**

EXPLORE. CREATE. INSPIRE.

Hey Kids ...Contribute to the Children's Science Center's Art Gallery!

**What do you think the Children's Science Center will look like?
Submit your artwork and be entered to win a science store gift certificate.**

We would like to see the Children's Science Center through the eyes of those it will be built to inspire and engage. What is your vision of the outside of the museum? What experiments and activities do you envision inside the museum? The artwork we receive will be featured on our website and upcoming events. All participants will be entered into a drawing for a \$25 gift certificate from an online science store. The drawing will take place on May 23. Review the details and submit your vision by May 1.

- **Theme:** My vision of the Children's Science Center
- **Participants:** Children interested in sharing their vision
- **Size:** 8 ½" x 11" paper, vertical or horizontal orientation
- **Medium:** Crayons, markers, colored pencils on paper
- **Due Date:** May 1, 2012
- **General Info:**
 - Child's name and age should be neatly printed on the front, bottom of artwork
 - Artwork becomes the property of the Children's Science Center and will not be returned
 - The Children's Science Center will use the artwork in marketing and communications efforts. The gallery will be open to the public on our website after May 24.
- **Send to:**
 - Complete at home and mail in flat envelope to Sue Fajer (13100 Mares Neck Ln, Oak Hill, VA 20171)

The Children's Science Center is an interactive hands-on museum being planned for Northern Virginia. Our mission is to inspire a love of learning and STEM literacy (science, technology, engineering and mathematics) in all children through meaningful creation, exploration and discovery. The Children's Science Center is a 501(c)(3) non-profit organization. **Learn more: www.TheChildrensScienceCenter.org.**
